

## LIVER BIOPSY

1. You CANNOT have anything to EAT or DRINK after midnight.
2. Do NOT take any medications on the morning of your liver biopsy. Take all medications with you to the hospital on the day of your biopsy.
3. You CANNOT drive yourself home. You MUST have someone go with you that can drive you home. You CANNOT take public transportation home from the biopsy.
4. Someone must be with you for at least 24 hrs after the liver biopsy is done. You MAY NOT stay at home by yourself.
5. Please pick up any previous films that you may have from any other radiology facility.
6. Please expect to be at the hospital for at least half of the day!
